

## One LED block for all colors! Simplify design and lower inventory cost

Harmony XB4/XB5

### Simplified design

A unique and universal white LED block replaces 6 individually-colored blocks of the Harmony XB4/XB5 offering simplifying product placement during design.

### Lower inventory

New white universal LED block design allows partners to simplify their LED block inventory by reducing from 6 references to 1 – up to 79% reduction in LED Block and body references.

### Enhanced color saturation

Improved color intensity and reduction of spot effects creates better functional visualization when the product is on or off.

Life Is On

New design moves from 6 colored LED blocks to one universal white LED block with 2 side LEDs instead of 1.

New saturated colored plastic used on all heads except white and yellow.

Identify it quickly!
